

UNITED STATES EXPORTS OF DOMESTIC MERCHANDISE

CALENDAR YEAR 1958

[Commodity totals in this report, identified by \*\*, include fully compiled data for shipments valued \$500 and over, and estimated data for shipments valued \$100-\$499 based on a 10% sample of such shipments. Under appropriate headings, separate figures are presented for each commodity for shipments in each of these value groups, including subtotals identified by \*. See introductory statement of this report for description of sampling procedure and an explanation regarding the use of the data shown in column headed "No. in sample" to determine reliability of estimates.]

The figures in this report reflect fully compiled data for shipments valued \$500 and over, and estimated data for shipments valued \$100-\$499 based on a 10% sample of such shipments to Canada and a 50% sample of such shipments to other countries. See introductory statement of this report for description of sampling procedure, reliability of data for shipments to countries other than Canada, and an explanation regarding the use of the number 0 in the sample which precedes Canada to determine reliability of data for shipments to Canada. Information on all shipments valued at less than \$100 is reported under Schedule B number 99970.

UNITED STATES EXPORTS OF DOMESTIC MERCHANDISE CALENDAR YEAR 1963

(The figures in this report for exports to Canada reflect fully compiled data for shipments individually valued \$2,000 and over combined with estimated data for shipments valued \$100-21,999 based on a 10 percent sample of such shipments. The figures shown for shipments to countries other than Canada reflect fully compiled data for shipments individually valued \$500 and over combined with estimated data for shipments valued \$100-\$499 based on a 50 percent sample of such shipments. See introductory statement of this report for description of sampling procedures, an explanation regarding the use of the number in the sample which precedes Canada to determine reliability of data for shipments to Canada, and information regarding the reliability of data for shipments to countries other than Canada. Information on all shipments valued at less than \$100 is reported under Schedule B commodity number 99920.)

Not sure if this is Purple or Orange, as both have the same nomenclature, 2,4-D & 2,4,5-T 50/50, I believe Orange did not start shipping until January 1965

(The figures in this report for exports to Canada reflect fully compiled data for shipments individually valued \$2,000 and over combined with estimated data for shipments valued \$100-\$1,999 based on a 10 percent sample of such shipments. The figures shown for shipments to countries other than Canada reflect fully compiled data for shipments individually valued \$500 and over combined with estimated data for shipments valued \$100-\$499 based on a 50 percent sample of such shipments. See introductory statement of this report for description of sampling procedures, an explanation regarding the use of the number in the sample which provides Canada to determine reliability of data for shipments to Canada, and information regarding the reliability of data for shipments to countries other than Canada. Information on all shipments valued at less than \$100 is reported under Schedule B commodity number 99920.)

## U.S. Exports of Domestic Merchandise

### Table 2.—COMMODITY BY COUNTRY

MARCH 1965

(Information regarding coverage, valuation, the sampling procedures used in estimating exports in shipments individually valued \$100-\$1,999 to Canada and \$100-\$499 to countries other than Canada, and an explanation of the data shown as "OTH CTY." is presented in the introduction to this report. Data on shipments valued at less than \$100 is reported under Schedule B commodity number 9310040 and excluded from all other commodity classifications.)

Table 2.-COMMODITY BY COUNTRY

(Information regarding coverage, valuation, the sampling procedures used in estimating exports in shipments individually valued \$100-\$1,999 to Canada and \$100-\$499 to countries other than Canada, and an explanation of the data shown as "OTH CTY," is presented in the introduction to this report. Data on shipments valued at less than \$100 is reported under Schedule B commodity number 9310040 and excluded from all other commodity classifications.)

Table 2. Schedule B Commodity by Country—Domestic Merchandise—Continued

(See "Explanation of Statistics" for information on coverage, valuation, security restrictions, sampling procedures, sources of error in the data, OTH CTY (other countries), and other definitions and features of the export statistics. The figure preceding Canada is the number in the sample for Canada. "SC" at the end of the alphabetic commodity description identifies "Special Category" commodities)
