Re: Rulemaking Request for Herbicide Use in the Panama
Canal Zone (Amplification 02)

Michael Kvintus
Secretary
email: ermizmo1@yahoo.com

A review of our original March 12, 2020 rulemaking request for the use of herbicide in the Panama Canal Zone, we discovered that several of the links in the footnotes are now broken. Accordingly, we are providing alternative links leading to the same documents.

The link in Footnote 3, for the U.S. DOD Herbicide Manual for Noncropland Weeds, 1970, Army TM 5-629, Navy NAVFAC MO-314, and Air Force, AFM 91-19, should be replaced with <https://assets.adobe.com/public/1c7efb40-48f9-4ee1-4307-4e6506077867>.

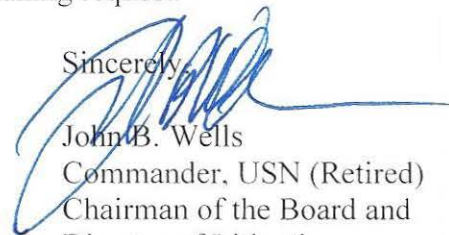

The link in Footnote 4, for Executive Order 11850 should be replaced with https://en.wikisource.org/wiki/Executive_Order_11850.

The link in Footnote 5 for the 1970-71 Federal Supply Catalog should be replaced with <https://assets.adobe.com/public/b9183c00-6286-4565-4158-0547f27a3c1b>.

The link in Footnote 6 for the U.S. Army Environmental Hygiene Agency, Aberdeen Proving Ground, MD, Pesticide Monitoring Special Study No: 44-102-77, Environmental Sampling in the Panama Canal Zone, 1 December 1976 should be replaced with <https://assets.adobe.com/public/02b2cf8b-494b-4692-717e-14d71b0000ec>.

We look forward to your response to our rule making request.

Sincerely,

John B. Wells
Commander, USN (Retired)
Chairman of the Board and
Director of Litigation
